

UPDATED INFORMATION!!!

Project Lead the Way - Biomedical Science Program 2018 Core Training IUPUI Indianapolis, Indiana

Core Training Classes Offered:

1. Principles of Biomedical Science
2. Human Body Systems
3. Medical Interventions
4. Biomedical Innovation

Core Training Session Dates:

1. Monday, June 18 → Friday, June 29, 2018 (PLTW Session 2)
Human Body Systems (only)
2. Monday, July 9 → Friday July 20, 2018 (PLTW Session 3)
Principles of Biomedical Science, Medical Interventions and Biomedical Innovation

Note – Change in IUPUI Core Training Schedule: The 2018 IUPUI Core Training sessions will begin on Monday at 8:00 AM and end on Friday at 2:00 PM. For those teachers requesting housing on the IUPUI campus, check-in will be available on Sunday from 2:00 – 7:00 PM. No meals will be served on Sunday. Breakfast will be available on Monday from 7:00 – 7:45 AM. Check in on Monday is available from 7:00-7:45 AM. Please arrange your travel accommodations accordingly.

Core Training at IUPUI Cost:

Core Training Course: \$2,400.00 (weekday lunches included)
University Housing: \$800.00 (on-campus housing, weekday breakfasts and dinners included)

PLTW Core Training Registration:

For registration information, see the Professional Development Overview link at PLTW.org. Registration for the 2018 Core Training sessions opens on April 2, 2018. Registration for the required Readiness Training and specific course registration for Core Training at IUPUI must be completed through the PLTW.org webpage.

The IUPUI – PLTW Core Training Experience:

As Indiana's premier urban public research university, IUPUI believes in the power of transformation. We are committed to providing educational opportunities that transform the lives of our students, our community, and the changing world around us. This commitment includes the partnership between IUPUI and Project Lead the Way. IUPUI was the initial training site for the Biomedical Sciences Program in 2008 and has continued to offer core training sessions each summer. To date, over 800 Project Lead the Way teachers have been trained at IUPUI.

The BMS Core Training takes advantage of IUPUI's School of Science state of the art science laboratories. All classes are held in the Engineering Science and Technology building in the Biology Department classroom/laboratories. All Core Training Sessions are taught by experienced PLTW Master Teachers. The goal of the IUPUI PLTW Core Training is two-fold: to prepare BMS teachers with extensive hands-on training and create a community of ongoing support for the teachers in the PLTW courses they teach.

IUPUI offers on-campus housing for the PLTW Core Training participants at the University Tower. Each teacher is assigned a furnished private room with en-suite bathroom. University Tower is located just one block away from the classrooms/laboratories used for the PLTW training and offers participants adult privacy as well as a chance for the collaborative learning opportunity that is an integral part of the PLTW Core Training experience. The \$800.00 housing fee includes catered breakfasts and dinners. A student parking pass is also included. For more information on the IUPUI Riverwalk Apartments, please see:

housing.iupui.edu/explore/apartments/

IUPUI is located in downtown Indianapolis with easy access to shopping, restaurants, the interstate, and the airport. The campus is just a few blocks from the Indiana Government Center, Victory Field, and Lucas Oil Stadium, and is adjacent to White River State Park, home of the NCAA National Headquarters, the Indiana State Museum, Indianapolis Zoo, and the Eiteljorg Museum. For participants that prefer to arrange for their own accommodations and meals, there are several hotels within a two-mile radius of the IUPUI campus.
